

REVOLVE ART & CRAFT

Pranzo pubblico e design sostenibile al mercato comunale Montegani
/ Public Lunch and sustainable design to the Municipal Market Montegani

public call
10 marzo-
2 aprile 2014

9 aprile 2014 | ore 13-21 / 9 April 2014 | 1-9 p.m.

Theme

This is an invitation to participate to a day dedicated to furnishing of Sustainable Design at the Municipal Market with performances by 10 young designers selected by the jury, to expose dishes, glasses, chairs, tables and other furnishings and Workwear concerning the Table and food. **You want to be one of these 10 designers? Participate !** The event will be located inside the Montegani Market, now partially under-utilized.

Where

Montegani public Market, located in Zona5, is a municipal structure which has been housing for over 30 years producers and traders who sell fresh and packaged food. The Market is partially underutilized, due to the strong competition by large retailers, the poor maintenance and the absence of a redevelopment project for the property. In September 2012 the association Temporiuso.net and the artists of Hors Commerce, in agreement with the City of Milan and Council of Zona 5 launched a project to temporarily reuse REVOLVE through public lunches, a new corporate image, self building of design furniture with students of the Politecnico of Milan and proposals for the redevelopment of the ground floor and first floor of the Market.

Program

From the morning to the evening there will be an exhibition of dishes, glasses, chairs, tables and other furnishing and Workwear concerning the Table and Food. At 1:30pm a tour and a lunch with the Councillor of Commerce of City of Milan, some city councilmen of Zona5 and other teachers, experts and designers will take place.

Previous editions

REVOLVE, public lunches at the Montegani Municipal Market, had an excellent response from the public, from both the Stradera district and the city. Every lunch and public happy hour gave the possibility to more than 200 people/day to taste seasonal healthy dishes and food at low prices.

Who

Temporiuso.net, an association that since 2008 has been promoting temporary reuse projects of abandoned spaces and also a network of local and international partnerships with associations, activists and researchers, with projects related to the world of culture project, to reuse the existing public and private buildings and void, abandoned or underused open spaces, to reactivate them with projects related to the world of culture and associations of handicrafts and small business, of temporary hospitality for students and youth tourism, with temporary use contracts in rent control.
